

PROFILE:

Kro-K Interiors LLC was formed in the year of 1994 with the intention of bringing high quality workmanship in **interior design** to the residential and commercial marketplaces.

The cornerstone of our success has been attention to detail, commitment to quality and customer satisfaction. Creativity in our designs breathed a new life into interiors and us a prestigious place among interior designers.

However no technology can replace the craftsmanship, of a gifted artisan. This purely human quality, passed on through generations, results in original creations. Creative excellence can come only from inspired souls and pieces of art always have admirers

We gained quality experience with every client interaction and the commitment we make with them; it is the essence of our corporate character and is reinforced with every step in our project development process

In order to serve our valued customers better we expanded in 1998 with our second showroom, in 1999 with addition of fabric department and in 2008 with a joinery work shop unit

Kro-K Designers are passionate about style and detail and carry with them a prestigious knowledge of **interior design history** that informs them everyday design decisions. But no matter how large the project and how wide-ranging the decision, our designers allows no trace of self-importance to stand in the way of the flow of ideas; our people cheerfully admits that there's always something to learn from the trades-people they works beside.

From the initial stage of consultation to the work in progress and to the final stages of our prestigious projects, we offer exceptional services and expert workmanship and this commitment to quality for details is a fundamental element that distinguishes **Kro-K Interiors LLC** from the rest.

BUISNESS ACTIVITIES

Architecture

Our exclusive architectural work reflects our knowledge of how people can experience places and spaces. **Kro-K's** architectural designs are visually appealing, comfortable, luxurious and thus a pleasure to live in.

Our young and efficient team effortlessly blends innovation with efficiency... turning your monumental architecture into a piece of art.

Residential

We believe the quality of surroundings enriches the essence of our lives. Our residential decor is guided by sensitivity to local culture and heritage along with the environment.

Your lifestyle requirements, at work or at leisure, are our business. We dovetail luxury with ergonomics, without compromising on quality.

Our array of services includes conceptual design, space planning, luxurious furniture, fine fabric and accessory selection to name a few.

Offices

Our office space designs are fine-tailored keeping in mind the latest trends of corporate life. With an appropriate mix of creativity and practical ideas, we create sophisticated office environments that are harmonious with your working mood.

We work hard to earn a reputation which was carved by paying more attention to details and uncompromising commitment to quality.

Yachts

Your yacht is the extension of your unique personality. We personalize its interiors to match your individualistic style statement, whether classic or contemporary.

The yacht is your home away from home, where form and function meet. We create an ambience to nourish your spirit and relax your soul. Our exquisite designs are seductive and the best under the sky.

Hotels

Our services cover a wide spectrum and conform to international star standards. We understand the needs and the changing trends of the premium hospitality landscape.

In attending to the minute details, we keep in mind the local character without losing sight of the luxury feel. Let your hotel get that extraordinary touch it always deserved!

Our Showroom

Established in 1994, our showroom showcases classical furniture imported from Spain and Italy. Also on display are exquisite paintings to enliven the walls of your home. It also features exquisite home décor elements.

Our Factory

Kro-K Furniture & Decoration Industry, LLC was set up in Jebel Ali Industrial Area in 2008. Our teams of experienced craftsmen at the factory manufacture customized wooden doors, windows, home furniture, kitchen cabinet and fixtures and office furniture.
